

61308

First P.B. B.Sc. Nursing Examination, May/June 2011
MEDICAL AND SURGICAL NURSING

Total Duration: Section A + B + C = 3 Hours

Section B & C Marks: 60

SECTION – B & SECTION – C

- Instructions:** 1) *All questions are compulsory.*
2) *The number to the right indicates full marks.*
3) *Draw diagrams wherever necessary.*
4) *Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.*

SECTION – B
(SAQ)

2. Answer the following (**any five** out of six) : (5×3=15)
- a) Nursing management of a client suffering from premenstrual syndrome.
 - b) Health education on breast self examination to an adult female.
 - c) Nurses responsibility in out patient department.
 - d) Pain perception.
 - e) Write in brief nursing management of patient with spinal cord injury.
 - f) Nursing care of client with urinary incontinence.
3. Answer the following (**any three** out of four) : (3×5=15)
- a) Complications of plaster cast.
 - b) Oral Cholecystography and Nursing Implications.
 - c) Pulmonary Function Test.
 - d) Nurses responsibility in the colostomy irrigation.

P.T.O.

61308

SECTION – C
(LAQ)

Solve **any two** out of the following :

4. Mr. Anand is admitted in medical ward. He has been diagnosed as a case of Empyema.
 - a) State the pathology and clinical manifestations of this disease. 5
 - b) Write medical management and nursing management of Mr. Anand. 6
 - c) Write complications of Thoracenteses. 4
 5.
 - a) Define anemia and write signs and symptoms of a patient suffering with anemia. 5
 - b) Write pathophysiology and Etiology of Iron deficiency anemia. 5
 - c) Write nursing intervention of a patient suffering with Iron deficiency anemia. 5
 6.
 - a) What is myocardial infarction ? Write clinical manifestation of a patient suffering with acute MI. 5
 - b) What is the line of medical management for such a patient ? 4
 - c) Write nursing management of a patient with acute MI. 6
-

61308

First P.B. B.Sc. Nursing Examination, Summer 2012
MEDICAL AND SURGICAL NURSING

Total Duration: Section A + B + C = 3 Hours

Section B & C Marks: 60

SECTION – B & SECTION – C

- Instructions :**
- 1) **All questions are compulsory.**
 - 2) **The number to the right indicates full marks.**
 - 3) **Draw diagrams wherever necessary.**
 - 4) **Do not write anything on the blank portion of the question paper. If written anything, such type of act will be considered as an attempt to resort to unfair means.**

SECTION – B

(SAQ)

2. Answer the following (any five out of six) : (5×3=15)
- a) Nursing responsibilities in Digoxin administration.
 - b) Complication of peritoneal dialysis.
 - c) Pathophysiology of myocardial infarction.
 - d) Nursing management of patient undergoing chemotherapy.
 - e) Nursing management of patient undergoing tonsillectomy.
 - f) Dietary management in peptic ulcer.
3. Answer the following (any three out of four) : (3×5=15)
- a) Nursing care plan for first 24 hours with 60% burns.
 - b) Bladder training for a patient recovering from Hemiplegia.
 - c) Pathophysiology of bronchial asthma.
 - d) Nursing responsibility while caring for a patient with under water seal drainage.

61308

3

SECTION - C

Answer any two LAQ out of Q. 4, 5 and 6 :

4. (1x15=15)

- a) Define chronic obstructive pulmonary disease. 2
- b) Describe pathophysiology of COPD. 5
- c) Discuss medical and nursing management of patient with COPD. 8

5. (1x15=15)

- a) Define diabetes mellitus and its types. 3
- b) Describe the pathophysiology of diabetes mellitus. 4
- c) Explain in detail about medical and nursing management of patient with diabetes mellitus. 8

6. (1x15=15)

- a) Define renal failure. 2
 - b) Describe the types of dialysis. 6
 - c) Explain medical and nursing management of patient with renal failure. 7
-

61308

First P.B. B.Sc. Nursing Examination, Summer 2013
MEDICAL AND SURGICAL NURSING

Total Duration: Section A + B + C = 3 Hours

Section B & C Marks: 60

SECTION – B & SECTION – C

Instructions: 1) *All questions are compulsory.*

2) *The number to the **right** indicates **full** marks.*

3) *Draw diagrams **wherever** necessary.*

4) ***Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.*

SECTION – B

2. Answer the following (**any five** out of six) :

(5×3=15)

- a) TNM classification.
- b) Nurses responsibilities in Blood transfusion.
- c) Diet in Hypertension.
- d) Glassgow coma scale.
- e) Stages of chronic illness.
- f) Nurses responsibilities in Digoxin administration.

3. Answer the following (**any three** out of four).

(3×5=15)

- a) Nursing management for first 24 hours with 60% burns.
- b) IABP
- c) Radiation therapy.
- d) Pathophysiology of meningitis.

61308

SECTION – C

Answer any two LAQ out of Q. 4, 5 and 6.

(2×15=30)

- | | |
|---|---|
| 4. a) What is Cirrhosis of liver ? State the different types. | 3 |
| b) Write etiology and the signs and symptoms of Cirrhosis of liver. | 5 |
| c) Write the nursing management and explain 2 priority nursing diagnosis. | 7 |
| 5. Mrs. Shukla a 60 year old lady is diagnosed as COPD – Chronic obstructive pulmonary disease. | |
| a) Define COPD. | 2 |
| b) Describe pathophysiology of COPD. | 5 |
| c). Discuss medical and nursing management of COPD. | 8 |
| 6. a) Define cerebrovascular accident (CVA). | 2 |
| b) Explain the clinical manifestation of CVA. | 5 |
| c) Explain medical management and nursing management for first 48 hours for a patient with CVA. | 8 |
-

First P.B.B.SC. NURSING, Winter 2014

Medical and Surgical Nursing

Total Duration: Section A+B = 3 Hours

Total Marks : 75

Section - A & Section - B

Instructions:

- 1) Use blue/black ball point pen only.
- 2) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
- 3) **All questions are compulsory.**
- 4) The number to the **right** indicates **full** marks.
- 5) Draw diagrams **wherever** necessary.
- 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
- 7) Use a common answer book for all section.

Section "A" (40 Marks)

1. Short answer question (**any five** out of six) : (5x5=25)
 - a) Hypokalemia.
 - b) Complications of Insulin therapy.
 - c) Refractive disorders of eye and its management.
 - d) Myasthenia gravis.
 - e) Nursing care for HIV patient.
 - f) Surgical management of benign prostate hypertrophy (BPH).

2. Long answer question (**any one** out of two) : (1x15=15)
 - a) Explain the phases of perioperative nursing and plan nursing intervention for patient who is in post anesthetic care unit(PACU) and recovering from general anesthesia.
 - b) List down the various causes of cardiopulmonary arrest and describe the cardiopulmonary resuscitation.

Section "B" (35 Marks)

3. Short answer question (**any four** out of five) : (4x5=20)
 - a) Comparison of peritoneal dialysis and hemodialysis.
 - b) Wound care in burns.
 - c) Causes and management of upper gastrointestinal bleeding.
 - d) Toxic effect of chemotherapy.
 - e) Nursing management of patient after tympanoplasty.

P.T.O.

61308

4. Long answer question (**any one** out of two) :

(1x15=15)

- a) Explain the pathophysiology of bronchial asthma and discuss emergency management during status asthmaticus.
- b) Explain the mechanism of spinal cord injury and discuss about acute intervention after injury.

61308

First P.B.B.Sc. Nursing, Examination, Summer 2015
Medical and Surgical Nursing

Total Duration : Section A + B = 3 Hours

Total Marks : 75

SECTION – A & SECTION – B

- Instructions :**
- 1) Use **blue/black** ball point pen only.
 - 2) Do not write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory.**
 - 4) The number to the **right** indicates **full marks**.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) **Use** a common answer book for **all** Sections.

SECTION – A

(40 Marks)

1. Short answer question (**any five** out of six) :

(5×5=25)

- a) Biomedical waste management.
- b) Diabetes mellitus.
- c) Hemodialysis.
- d) Medical and nursing management of iron deficiency anemia.
- e) Nurses role in radiation therapy.
- f) Gonorrhoea.

2. Long answer question (**any one** out of two) :

(1×15=15)

- a) i) Define shock and list the types of shock. **2**
- ii) List the causes of shock. **3**
- iii) Write the pathophysiology of shock. **3**
- iv) Write the medical and nursing management of hypovolemic shock. **7**
- b) i) Define Parkinson disease with its etiology. **3**
- ii) Discuss the pathophysiology of Parkinson disease. **4**
- iii) List the nursing diagnosis and develop a care plan for two as per priority. **8**

P.T.O.

SECTION – B

(35 Marks)

3. Short answer question (**any four** out of five) :

(4×5=20)

- a) Cataract.
- b) Nursing management of critically ill patient.
- c) Preoperative nursing management.
- d) CSOM (Chronic suppurative otitis media).
- e) Discuss briefly on prosthesis.

4. Long answer question (**any one** out of two) :

(1×15=15)

- a)
 - i) Define bronchial asthma. 2
 - ii) List the precipitating factors of asthma. 3
 - iii) Discuss the pathophysiology of bronchial asthma. 3
 - iv) Write a care plan for two nursing diagnosis and list the possible nursing diagnosis for such a case. 7
- b)
 - i) Define congestive cardiac. 2
 - ii) Enlist the investigations to be carried out for CCF. 3
 - iii) Discuss the pathophysiology of CCF. 3
 - iv) List the nursing diagnosis for CCF based on priority and write the nursing intervention using nursing process format . 7

61308

**First P.B.B.Sc. Nursing Examination, Summer 2016
MEDICAL AND SURGICAL NURSING**

Total Duration : Section A + B = 3 Hours

Total Marks : 75

SECTION – A & SECTION – B

- Instructions :**
- 1) Use **blue/black** ball point pen **only**.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All questions are compulsory**.
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question Paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any Question Paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all** Sections.

SECTION – A (40 Marks)

1. Short answer question (**any five** out of six) : **(5×5=25)**
 - a) Post operative care for cataract surgery.
 - b) Difference between Hypothyroidism and Hyperthyroidism.
 - c) Dopamine.
 - d) Wound care in burns.
 - e) Myasthenia gravis.
 - f) Nursing management of client with inter costal drainage.

2. Long answer question (**any one** out of two) : **(1×15=15)**
 - a) Mr.Y is admitted in ICU with complains of severe chest pain and sweating, diagnosed as Myocardial Infarction.
Define Myocardial Infarction.
List down modifiable and non modifiable risk factors of MI.
Write the Pathophysiology of MI.
Discuss in detail medical management of MI.
Describe the nursing management required for Mr.Y with 2 priority nursing diagnosis.

P.T.O.

- b) Mrs. Y is admitted in surgical ward with renal calculi.
Define renal calculi.
Write the etiological and risk factors of renal calculi.
State the clinical manifestations of renal calculi.
Discuss in detail medical surgical and nursing management of renal calculi.
Describe the nursing management for Mrs.Y with 2 priority nursing diagnosis.

SECTION – B (35 Marks)

3. Short answer question (**any four** out of five) : **(4×5=20)**
- a) Nursing care of patient with last stage of AIDS.
 - b) TNM stages of cancer.
 - c) Nursing care of patient undergoing blood transfusion.
 - d) Glasgow coma scale.
 - e) Classification of fractures.
4. Long answer question (**any one** out of two) : **(1×15=15)**
- a) Mr. X 50 years old man with Diabetes Mellitus is admitted in the medical ward.
Define Diabetes Mellitus.
Explain the pathophysiology of Diabetes Mellitus with related clinical features.
Describe the nursing management required for Mr.X with 2 priority nursing diagnosis.
 - b) Mr.Y 60 years is admitted in the hospital with the diagnosis of increased intracranial pressure.
Explain the pathophysiology of increased intracranial pressure.
List the nursing diagnosis and write the nursing care plan for two priority nursing diagnosis.
-

61308

**First P.B.B.Sc. Nursing Examination, Summer 2017
MEDICAL AND SURGICAL NURSING**

Total Duration: Section A + B = 3 Hours

Total Marks : 75

SECTION – A and SECTION – B

- Instructions :**
- 1) Use **blue/black ball point pen** only.
 - 2) **Do not** write anything on the **blank portion of the question paper**. If written anything, such type of act will be considered as an attempt to resort to unfair means.
 - 3) **All** questions are **compulsory**.
 - 4) The number to the **right** indicates **full** marks.
 - 5) Draw diagrams **wherever** necessary.
 - 6) Distribution of syllabus in Question Paper is only meant to cover entire syllabus within the stipulated frame. The Question paper pattern is a mere guideline. Questions can be asked from any paper's syllabus into any question paper. Students cannot claim that the Question is out of syllabus. As it is only for the placement sake, the distribution has been done.
 - 7) Use a common answerbook for **all** Sections.

SECTION – "A" (40 Marks)

1. Short answer question (**any five** out of six) : (5×5=25)
 - a) Discuss pathophysiology of Fever.
 - b) Aneurysm.
 - c) Chest injuries.
 - d) Portal hypertension.
 - e) Status epilepticus.
 - f) CT scan.

2. Long answer question (**any one** out of two) : (1×15=15)
 - a) Mr. Rambhau, 59 yrs. old admitted with diagnosis of Heart Block.
Explain heart block and its causes.
Explain types of heart block and their medical management.
List down nursing diagnosis and write nursing process on two priority nursing diagnosis for Mr. Rambhau.
 - b) Mrs. Sulakshana, 30 yrs. old is diagnosed for End Stage Renal Disease (ESRD) and she is on dialysis :
Explain Chronic Renal Disease (CRF) and ESRD.
Explain Hemodialysis.
Write medical and surgical management for ESRD.
List down nursing diagnosis and write nursing process on one priority nursing diagnosis for Mrs. Sulakshana.

61308

SECTION – “B” (35 Marks)

3. Short answer question (**any four** out of five) : (4×5=20)
- a) Pathophysiology of hypothyroidism
 - b) Psoriasis.
 - c) Osteomalacia
 - d) Discuss fluid resuscitation in Burns client
 - e) Discuss scientific principles in handling Bio Medical Waste management.
4. Long answer question (**any one** out of two) : (1×15=15)
- a) Mrs. Gayatri, 52 yrs. old diagnosed for cancer of stomach.
Define cancer and write clinical manifestation for cancer of stomach.
Medical and surgical management for cancer of stomach.
List down nursing diagnosis and write nursing process for one priority nursing diagnosis.
 - b) Mr. Arun, 47 yrs. old diagnosed for AIDS.
Explain AIDS and its clinical ~~management~~ *manifestation*.
Describe ELISA and medical management for AIDS.
List down nursing diagnosis and write nursing process on one priority nursing diagnosis for Mr. Arun.
-

61308

First P.B.B.Sc. Nursing Examination, Winter 2017
MEDICAL AND SURGICAL NURSING

Total Duration : Section A + B = 3 Hours

Total Marks : 75

SECTION – A and SECTION – B

- Instructions :**
- 1) Use **blue/black** ball point pen only.
